LASER

Tools shown not included

Tool Boxes

Large capacity provides plenty of space making it ideal for storing a wider selection of hand tools. The cantilevered trays open fully, allowing tools to be organised, making them much easier and quicker to find compared to a single compartment tool box. The base compartment is sized for longer, heavier tools and one of the top trays has a divider making it ideal for smaller items.

- Solid construction made from thick gauge steel with a durable red paint finish. Suitable for heavy duty use.
- Twin interlocking handles with tubular cross section for strength and ease of carrying.
- Lid includes hole to secure padlock. For padlocks, please see Laser Part Nos. 0496 (25mm) & 0497 (30mm).

| PART NO. | DESCRIPTION | DIMENSIONS | WEIGHT |

Grippaz

25
PAIRS

Grippaz Nitrile Gloves Box

Uses a specially formulated nitrile compound that gives unrivalled grip when handling grease, oils, detergents, solvents & water.

- First glove to also have grip technology inside the glove to add to the overall grip. Made with 'Touch Screen Technology' so devices like smart phones, tablets, diagnostic equipment etc can be used without having to remove the gloves.
- Gloves are 3 times thicker than a standard Nitrile glove. Gloves are slightly undersized than traditional sizes due to the fact that after 3 minutes of wearing they warm up and mould to the hand to give a secondary skin like feel.
- Made with an oversized cuff to enable the easy removal of the glove once its moulded to the hand.
- Gloves are a cost saving product due to the same pair of gloves can be worn throughout the day rather than having to change them several times a day.
- Manufactured to EN374-1:2003 & EN374-2:2003.

| PART NO. | SIZE | COLOUR | QTY |
|----------|--------|--------|-----------------|
| 37300 | Medium | Orange | 50pc / 25 pairs |
